

CELLULOSE CASINGS

VISCOFAN CELLULOSE PRODUCTS

CELLULOSE CASINGS

Viscofan small caliber cellulose casings combine high elasticity with an extremely consistent caliber. They are permeable to flavours and colours as intended during the smoking process, but are impermeable to other unwanted aromas. With their excellent peelability troublefree industrial processing is guaranteed.

Viscofan big caliber cellulose casings are permeable tubes made of regenerated cellulose. The transparent, high-gloss properties, coupled to brilliant printing make your products highly merchandisable. The clarity of these casings is visually appealing and allows the consumer to see the actual product. Depending on the casing properties, cylindrical or oval shape products can be achieved.

PRODUCT	CALIBER	COLOUR	PROCESSING INFORMATION
SMALL CALIBER CELLULOSE CASINGS			
Small caliber (Skinless) For smoked and unsmoked processed sausages and also dry-cured sausages, for use on high-speed peelers.	12EUR/13USA-42EUR/44USA	Transferable: red, orange Non-transferable: light smoke, blue, red, orange, salmon red	Fill directly in the direction indicated without prior soaking. The cooking temperature should not exceed 80°C.
BIG CALIBER CELLULOSE CASINGS			
LC Offering unmatched properties. The casing characteristics go from optimum cylindrical uniformity, perfect elasticity up to highest adaptability. The uniformity is especially usefull for non sliced products. It is the ideal casing for spreadable sausage made from raw meat, smoked and unsmoked products, small sectioned and formed meat-hams and fermented dry products.	38 mm - 60 mm	transparent	Process directly. Suitable for fully automatic filling and clipping machines.
Delipak-C The perfect solution for larger size requirements such as cooked, smoked or unsmoked sausages (Salami). Having lower elasticity, these casings allow uniform cylindrical products.	65 mm - 135 mm	transparent	Soak in clear water. Suitable for fully automatic filling and clipping machines.
Delipak-HS The casing with highest elasticity and flexibility, giving additional strength. In an oval shape. Ready to withstand quick pressure stuffing, allowing efficient manufacture of pear shaped products. Ideal for cooked, smoked or unsmoked products (boneless ham, Canadian bacon or boneless butts)	80 mm - 130 mm	transparent	Soak in clear water. Suitable for manual filling and clipping.
Delipak-LW Adaptable and flexible during stuffing which permits the casing to form around the product producing a natural oval shape. Well suited for large diameter cooked, smoked or unsmoked products (mortadella, semi boneless hams, pork shoulder picnics).	95 mm - 250 mm	transparent

SMALL CALIBER CELLULOSE CASINGS (SKINLESS)

SMOKING

A perfectly balanced transfer of smoke will give your product the perfect look by equal colour and smoke passage.

STRIPES

Skinless casings are available with 3 to 4 stripes according to diameter.

PRINTING

Viscofan Cellulose Casings can be printed in up to two colours. We offer a wide variety of colours for you to choose from. Prints which are impermeable to smoke are also available (shadow print).

BIG CALIBER CELLULOSE CASINGS

SMOKING

A perfectly balanced transfer of smoke will give your product the perfect look by equal colour and smoke passage.

STORAGE

Store the Big Caliber Cellulose Casings cool and dry. Shirred casings must be stored in original packaging to avoid moisture loss.

COOKING DELIPAK

Horizontally or hanging in net.

PRINTING

Big Caliber Cellulose Casings can be printed on both sides.
